Here's my little timeline for this character sheet for Star Wars Saga Edition (SWSE).

First version

06-02-2007 I downloaded the official SWSE character sheet from Wotc page. I decided to tweak it 'cause I didn't like to always turn my sheet to get access to skills. So I edited the sheet to put them back up front (a la DD style). I reworked some parts to fit all the stuff: smaller condition track, more space for weapon blocks, 1 more Knowledge line, more space for Equipment and Credits, more lines for Feats.

V. 1.1

06-03-2007 After some comments (I agree with you guys!) on WOTC forum, I corrected some typos problems, put more space for Current HP, add again 1 more Knowledge line, merge Class-Level spaces for multi-classing easy reading, add space for XPs (yeah! Wotc forgot them too!)

V. 2.0

06-08-2007 I bought my copy of SE and read your comments. Some of your notes made it in this new CS. Again more space for Class-Level for easier multiclassing, an ECL space, XPs space transferred on the front sheet with little more space, DR, SR and a place for your armor!

If you like sheet, use it! I tried to keep the original design, which I like already.
